ACTIVITY REPORT 18.11.2022

Interactive Session on 'Spoken English Proficiency' in Association with the English Language Academy

Yashoda Technical Campus, Faculty of MBA, MCA & B. Pharmacy organized an Interactive session on 'Spoken English Proficiency' to test the student's capabilities and boosting their level of spoken English.

Students of Professional courses need to improve the spoken English in order to match the global standards. Language is our primary source of communication. It's the method through which we share our ideas and thoughts with others. Some people even say that language is what separates us from animals and makes us human.

There are thousands of languages in this world. Countries have their own national languages in addition to a variety of local languages spoken and understood by their people in different regions. Some languages are spoken by millions of people, others by only a few thousand.

English may not be the most spoken language in the world, but it is the official language of 53 countries and spoken by around 400 million people across the globe. Being able to speak English is not just about being able to communicate with native English speakers; it is the most common second language in the world. If you want to speak to someone from another country then the chances are that you will both be speaking English to do this.

Recognizing the importance of English in today's world, Yashoda institute has taken initiative to know the areas of improvement in students with respect to this subject.

Report of - Mahindra Pride School Institutional Skilling Program

Date - 19/11/2022

Name of Guest :- Mrs. Sapana Sood - 9272730903

Major Points

1. Introduction: Mahindra Pride School (MPS) - Naandi, which in Sanskrit means a new beginning, is one of the largest and fastest growing social sector organisations in India working to make poverty history by skilling and empowering the youth of India. This is a CSR initiative of the Mahindra & Mahindra group of companies.

MPS has several modules that help in enhancing the students' personality, general awareness, grooming and communication skills in English, Life skills and knowledge of computer applications. The life skills component of the training module completely transforms the students into confident, determined, goal oriented youth; a personality shift essential for them to pursue successful careers in the sectors of their choice.

- 2. Guest :** Mrs. Sapana Sood is working as Trainer, Mahindra Pride Class Room Project involved in CSR activity, They have initiated to make MOU with Shivaji University for skill development of students,
- 3. Summary :** It was great experience for Students, Organizers and client for getting corporate exposure.
- 4. Feedback from Guest Faculty :** Students and Hospitality is too good and wanted to work for coming future and also More happy because of "Student and Organizer Attitude"

Feedback from TPO (Summary) :

1. The client and students are happy because of entire event
2. Student needs more efforts to become effective candidate
3. The client is ready to give other Training Inputs and Placement assistance for development of our students
4. The great support from MBA (HOD and Electrical (HOD) as entire staff

Report of B-Quiz Competition

Name of the Event – B-Quiz Competition

Date – 22/04/2022

In Brief:

Faculty of MBA conducted B-Quiz on April 22, 2022 where students from Faculty of MBA participated. The duration of this written test was 30 minutes. The importance of business quizzes comes down to the importance of knowledge on how to do business itself. The point of a business quiz is a fun and educative way to test students' knowledge and teaches more about business which in turn makes students a better businessman/woman or entrepreneur.

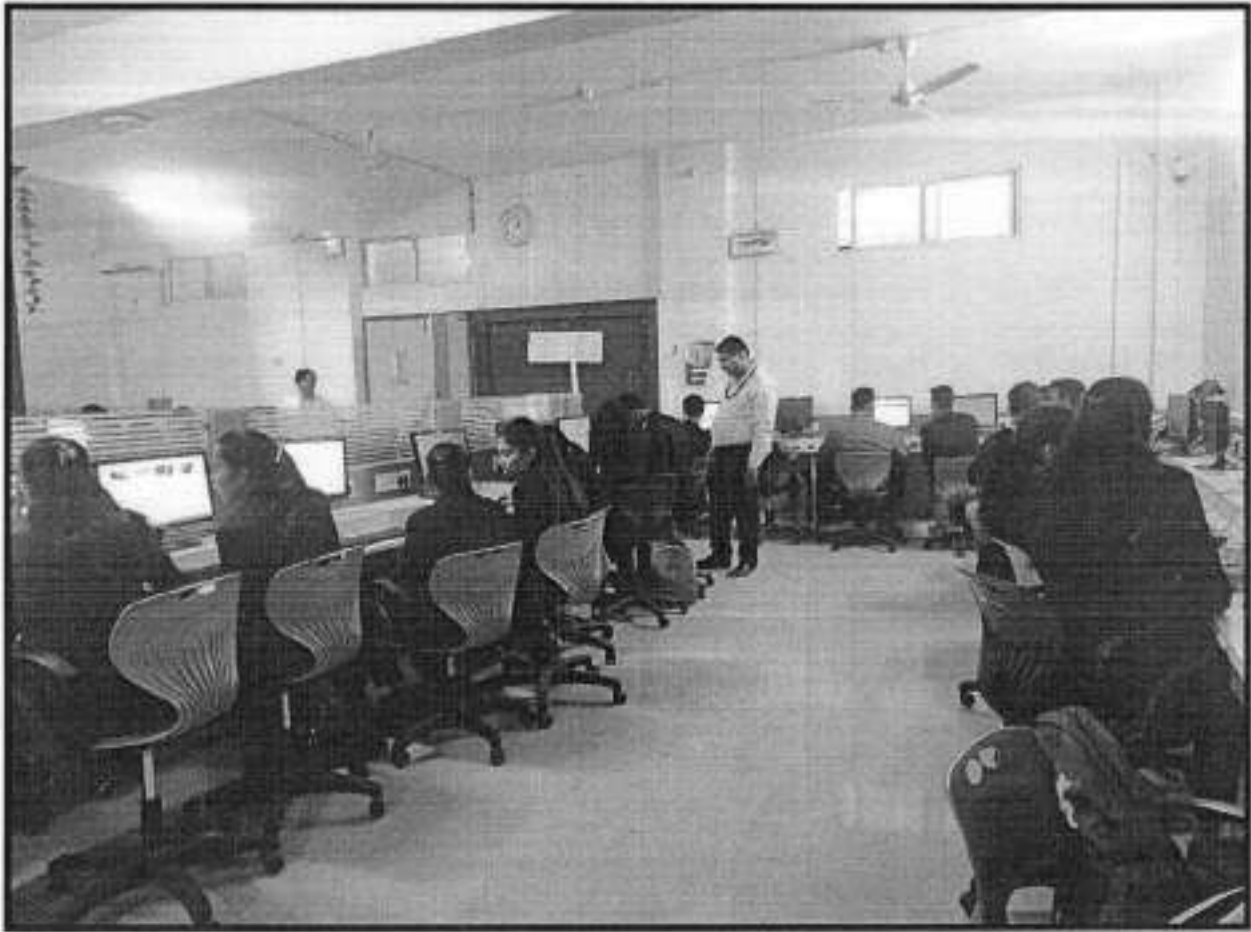

The Objective behind to organize Quiz competition is to evaluate the knowledge of the participants within academics as well as beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions. The main purpose of the competition to develop interest in subject areas of Commerce and Management including competitive aspects.

At the heart of the business success lays a successful strategy. That strategy includes but is not limited to marketing, logistics, finance, sales and much more. All of these facets will play a role in success in business of the budding entrepreneurs.

Miss. Sapna Nanaware stood at Winner Position where Miss. Pranita Sawant won runner-up prize.

DECISION MAKING ACTIVITY

“Have a Heart”

The situation is as follows: “You are surgeons at a large hospital. Your committee must make a very important decision. Seven patients need a heart transplant. There is only one heart donor at this time. All of the patients are eligible to receive this heart. All are physically able. And all have compatible tissue and blood typing. Which patient would you choose to receive the heart? Why? Your committee must agree on the choice.”

Patient Waiting List

- 31 year old male; African American; brain surgeon at the height of his career; no children
- 12 year old female; Vietnamese; accomplished violinist; blind
- 40 year old male; Hispanic; teacher; 2 children
- 15 year old female; White; unmarried; 6 months pregnant
- 35 year old male; Hispanic; Roman Catholic priest
- 17 year old female; White; waitress; high school dropout; supports/cares for a brother who is severely disabled
- 38 year old female; White; AIDS researcher; no children; lesbian

“Create a Country”

“You and a group of people have claimed an uninhabited island as a new country. You have been selected to be the new government. Your first assignment is to make the following decisions and accomplish the following tasks...”

- 1) Name the country
- 2) Design a flag
- 3) Create any laws that you feel are necessary

The group must work together to complete the task and then present it to the leaders or to the rest of the group when finished.

Discussion Prompts:

- 1) How were decisions made in your group?
- 2) Is everyone happy with what was decided? Why or why not?
- 3) What things are important to remember when making group decisions?
- 4) What role do you usually take when making decisions with others?
- 5) How can you tell if a group has been successful when making a decision?
- 6) Why is it important to be able to make decisions as a member of a group?

Nature of the Program:

An MBA degree is prestigious as it is accepted worldwide. With more and more Universities including MBA courses in their curriculum, many students are opting for this valuable course. There are several types of MBA; you can choose anyone depending on your criteria. Most of the students enrolling in this course are already employed. So, they either opt for a part time course or quit their jobs and pursue this course or the company they're working for sponsors their course.

Either way, lots of careers are benefited by various types of MBA courses as it helps them gain additional knowledge and obtain a better pay package. Last year it was reported that over 90% of MBA graduates are fully employed and offered better salaries. For students or professionals considering an MBA course, the first thing to do is choose a type.

The following fields have the most popular demand for MBA graduates said CA Sutar –

- Management • Marketing
- Human Resources • Finance
- Accounting • Sales • Healthcare

Time: 02.40 pm onwards

Venue: Orange Seminar Hall

Name of the Guest: Ms. Swati More

Organization: Board of Industry-Academia Partnership

Designation: Trainer

Work Experience: Vast experience in the field of Investment awareness.

Topic for the session: Investment Avenues for M.B.A. students.

Contents of the Session:-

The students of MBA are the future budding managers; they have to run the business efficiently. In order to obtain detailed knowledge about future upcoming 21st century challenges and also to face the challenges regarding Investment opportunities the interactive session of Hon. Swati More of National Stock Exchange was organized. Hon. Swati More explained in details about various investment opportunities and how to grow financially through investment in the financial sector.

Hon. Mrs. Swati More discussed about following topics very effectively. Investment Opportunities in developing country like INDIA, she explained meaning of Investment opportunity as, Investment opportunity means "anything, tangible or intangible, that is offered, offered for sale, sold, or traded based wholly or in part on representations, either express or implied, about past, present, or future income, profit, or appreciation." She explained ten important Investment opportunities as follows.

Some of the above investments are fixed-income while others are market-linked. Both fixed-income and market-linked investments have a role to play in the process of wealth creation. While market-linked investments help in navigating the volatility and in the process generate high real return, the fixed income investments help in preserving the accumulated wealth so as to meet the desired goal. For long-term goals, it is important to make the best use of both worlds. Have a judicious mix investment keeping risk, taxation and time horizon in mind.

ACTIVITY REPORT 31.01.2023

GUEST LECTURE ON 'DESIGNING COMMUNICATION AND PROMOTION MIX STRATEGIES' FOR MANAGEMENT STUDENTS

A Guest lecture on Designing communication and Promotion Mix Strategies for Management Students was organized on 31st January, 2023 wherein Dr. S. S. Desai discussed about the concept of designing communication and promotion mix strategy as the communication mix is composed of advertising, professional selling, public relations, sponsorships (events and experiences), sales promotion and direct marketing and on-line media including social media. While speaking about design of communication mix Sir explained that the promotion (communication) mix is composed of advertising, professional selling, public relations, sponsorship (events and experiences), sales promotion, direct marketing and online media including social media. Dr. S. S. Desai explained about communication mix and marketing theories as,

1. Advertising (TV, Radio, Press, PPC), advertising covers all avenues where a business pays for their message to be broadcast
2. Direct marketing and Digital marketing (E-mail, social media, gamification etc.) 3) Public Relations (PR)
3. Personal selling
4. Sales Promotion

While explaining about Promotion Mix strategies madam explained that, A promotional mix is defined as combination of different marketing strategies used to communicate the benefits of using a particular product or service and to influence the buying behavior of their target demographic. The marketing strategies that make up the promotional mix are advertising, public

relations. The purpose of communication mix is that it is a method for delivering relevant promotional message via the most suitable channel for each segment. Improves communication with clients Companies develop a promotion mix trying to speak their consumer's language. If prepared correctly, it helps build trust between brand and its consumers. Madam explained about four basic communication styles as passive, aggressive, passive-aggressive, and assertive. It is important to understand each communication style and why individuals use them. Madam also explained a promotional strategy is a plan to create or increase the demand for product. It outlines the tactics you shall use to raise awareness about your product and get people interested in buying it. The goal of promotion strategy is to introduce potential customers to your product and convince them to make a purchase.

ACTIVITY REPORT 01.11.2022

Interactive Session on Empowerment of Citizen through Legal Awareness in association with Satara District Bar Association, Satara

Yashoda Technical Campus, Satara organized an Interactive Session on Empowerment of Citizen through Legal Awareness in association with the Satara District Bar Association, Satara. Adv. Rajashri Sawant was the resource person for this interactive session. The Purpose of this interactive session was to make students familiar with the rights and duties of being an Indian citizen. Article 39A of the Constitution of India gives a directive to the States to ensure that the operation of the legal system does promote justice on a basis of equal opportunity. It directs the State to provide free legal aid with the aid of suitable legislation (such as the National Legal Services Authority Act) or schemes and ensure that opportunities for securing justice are not denied to any citizen for reason of economic or other disabilities.

Legal Aid is the provision of assistance to people otherwise unable to afford legal representation and access to the court system. The institute's Foundation believes that certain community groups, if sensitized through proper interaction and guidance, can play a crucial role of active agent in the transformation of the society. Programs organized under this project will be towards promoting consciousness among and building capacity of various community groups about legal culture, legal processes, legal resources and effective use of the legal systems. This project is all about spreading legal literacy and socio-economic justice through awareness workshops and legal aid camps. So every individual, whether literate or illiterate, whether male or

STRESS MANAGEMENT THOUGH YOGA.

Stress and anxiety are everywhere. If they're getting the best of you, you might want to hit the mat and give yoga a try. Yoga is a mind-body practice that combines physical poses, controlled breathing, and meditation or relaxation. Yoga may help reduce stress, lower blood pressure and lower your heart rate.

5 tips to manage stress:-

- Use guided meditation. Guided meditation is a great way to distract yourself from the stress of day-to-day life.
- Practice deep breathing.
- Maintain physical exercise and good nutrition.
- Manage social media time.

Report on YOGA for Students

June 21, 2022: International Yoga Day was celebrated with full spirit and joy in the Faculty of MBA. In the morning, there was a 1hr Mass Yoga session for the teacher of Yashoda Technical Campus. A formal programme was conducted during college working hours. Director was the chief Guest of the event. The International Yoga Day was organized at Faculty of MBA with the theme named "Yog for Students". A sum of 40 students comprising both Boys and Girl students of Faculty of MBA demonstrated Surya Namaskar, Various asanas of Yoga showing the strength of Yoga and the flexibility attained on doing it. Man is a physical, mental and spiritual being; yoga helps promote a balanced development of all the three. Other forms of physical exercises, like aerobics, assure only physical well-being. They have little to do with the development of the spiritual or astral body.

The art of practicing yoga helps in controlling a Students mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. It also helps in increasing flexibility, muscle strength and body tone. It improves respiration, energy and vitality. Practicing yoga might seem like just stretching, but it can do much more for student's body from the way it feels, look and move. Dr. R. R. Chavan conducted the activity and inspired students to do yoga as a regular practice.

One Day Workshop on Financial Market, Demat Account Opening and Live Trading

Day & Date – Wednesday, 21st 12. 2022

Yashoda Technical Campus, Satara organized Industry Institute Interaction Programme for MBA, Students on Wednesday 21st December 2022. The main aim to organize such Interaction programme is to get aware the students with various investment opportunities and current needs of Industry, in the market. Also create exposure of Industry Expert to the students.

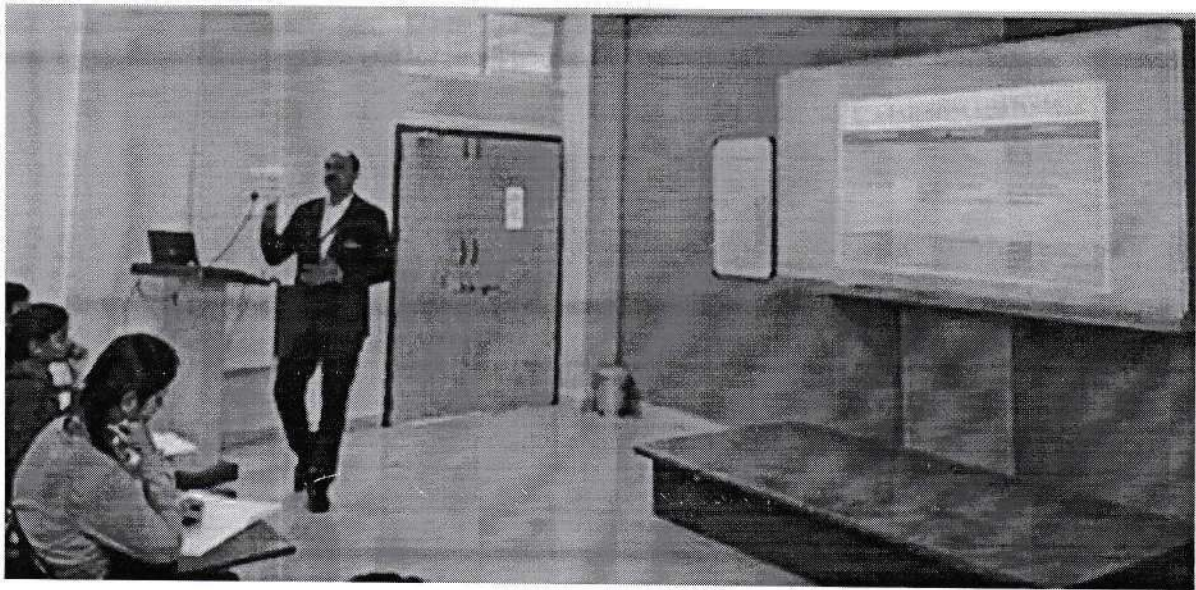

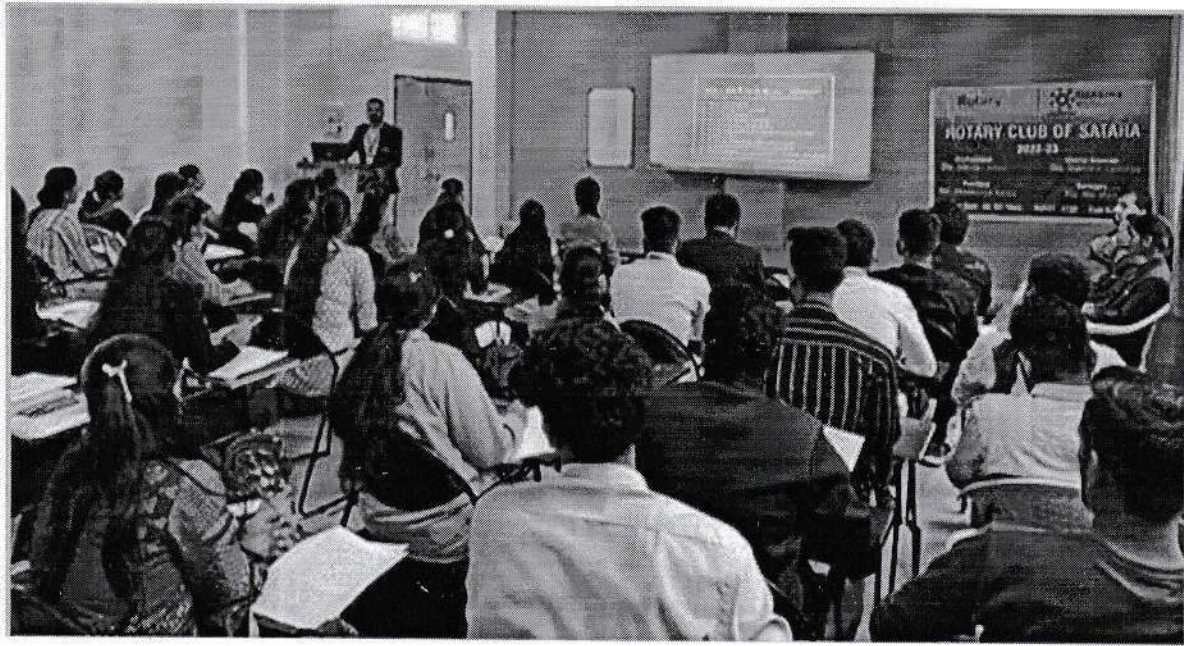

Introduction to Stock Exchanges

and Live Trading Session The students of MBA are the future budding managers; they have to run the business efficiently. In order to obtain detailed knowledge about upcoming 21st century challenges and also to face the challenges regarding investment opportunities the interactive session of Hon. Shankar Karpe founder president of Girisha Wealth Maker Pvt. Ltd. was organized. He explained in details about various investment opportunities and how to grow financially through investment in the financial sector. How stock exchanges work, what are the indexes of various stock exchanges and other important functions of it. He also discussed about following topics very effectively. Investment Opportunities in developing country like India, He explained meaning of Investment opportunity as, Investment opportunity means “anything, tangible or intangible, that is offered, offered for sale, sold, or traded based wholly or in part on representations, either express or implied, about past, present, or future income, profit, or appreciation.” He explained ten important Investment opportunities as follows. Some of the above investments are fixed-income while others are market-linked. Both fixed-income and market linked investments have a role to plan in the process of wealth creation. While market-linked investments help in navigating the volatility and in the process generate high real return, the fixed income investments help in preserving the accumulated wealth so as to meet the desired goal. For long-term goals, it is important to make the best use of both worlds. Have a judicious mix investment keeping risk, taxation and time horizon in mind.

Dr. V. K. Redasani, Director, YTC, Head of Department Mr. R. D. Mohite with all MBA Staff members and Students of MBA were present for the workshop.

YashoTechFest 2K23

Civil Engineering Department

Date: 21/04/2023

Civil Department, Yashoda Technical Campus in Satara has organized various events in the Yashotechfest 2k23 which held on 21st April 2023. This event gives a thrilling, and learning experience for tech enthusiasts. The fest will take place on 21/04/2023 will feature various events such as Poster Presentation, Project Exhibition, Bridge Tech Event. The overall event was conducted under the guidance of HOD. Prof. Borate P G and coordinated by Prof. Shah AS.

- **Project Exhibition** - The Yashotechfest aims to provide a platform for students to showcase their technical skills and creativity. The event will bring together students from different colleges across Maharashtra to participate in various competitions and showcase their innovative projects. The event is coordinated by Prof. Shah A S along with Student coordinator Mr. Ketan Borate. The first prize was won by Sourabh Yewale and his team and Second prize was won by Mahesh Dhulgude and team.

- **Poster Presentation** - The Poster Presentation event will give students an opportunity to present their research work in the form of posters. The Project Exhibition event will showcase innovative projects developed by students in various fields such as engineering, science, and technology. The event is coordinated by Prof. Shaikh A N along with Student coordinator Ms. Shweta Kadam. The first prize was won by Rajesh Sapkal and his team and Second prize was won by Tejas Kulkarni and team.

- **Bridge Tech Event** - The Bridge Tech Event is a unique competition that challenges participants to build a bridge using limited resources within a given time frame and evaluated on the basis of Load carrying capacity and self weight ratio. The Robo Racing event is another exciting competition where participants have to design and build robots that can race against each other. The event is coordinated by Prof. Jadhav S S along with Student coordinator Mr. Prashant Raut. The first prize was won by Shweta Kadam and her team and Second prize was won by Vipul Patel and team.

The Yashotechfest promises to be an exciting event for both participants and visitors alike. It provides an excellent opportunity for students to showcase their technical skills, network with peers from other colleges, and learn from experts in the field.

Outline and Scope:

Arduino is a popular tool for IoT product development as well as one of the most successful tools for STEM/STEAM education. Hundreds of thousands of designers, engineers, students, developers and makers around the world are using Arduino to innovate in music, games, toys, smart homes, farming, autonomous vehicles, and more.

Project Work in Third & Final year of engineering is an important part to encapsulate all our knowledge and idea about the project and students want to build and develop new project using their own idea and knowledge. The objective of workshop is to know the fundamental science and engineering principles relevant to use of PCB & Arduino in engineering practical purpose.

Arduino is the first widespread Open Source hardware project and was set up to build a community that could help spread the use of the tool and benefit from contributions from hundreds of people who helped debug the code, write examples, create tutorials, supports other users on the forums and build usands of groups around the globe. We are really grateful for being supported by such amazing community.

Internet of Things, or IoT in short, is the idea making device and objects smarter by connecting them to the Internet. This workshop introduces you to the amazing world of IoT

and its fascinating applications. Using Arduino development kit, students will develop an electronic device that streams data over the Internet. You can program the system in such a way that you can monitor or control the devices which makes human life easier and comfortable.

Objectives:

- To learn PCB Designing.
- To learn Programming the Microcontroller.
- To learn Interfacing and controlling various devices.
- To learn Wifi module programming with Microcontroller.
- To learn Interfacing Sensors and Uploading data on cloud.

Content of Workshop:

This workshop is organized to provide opportunity for participants to get information about PCB Designing and Arduino Software and its usefulness for actual practical work for engineers. They will learn from expertise about software hardware and practical implementation of project.

The Highlights of Workshop:

- PCB Designing
- Arduino Software
- Internet of Things

Registration:

- Institute expected to send FE to B.E. E&TC students as well as diploma students of E&TC & Electronics for participation.
- Limited Seats 60 students.

Course fee:

For DBATU Students (FY, SY): Rs. 200
For Diploma Students: Rs. 450(for both PCB Designing & Arduino)
Rs.200 (only PCB Designing)

For Registration:

About Yashoda Shikshan Prasarak

Mandal:

Yashoda Shikshan Prasarak Mandal, Satara (YSPM) education trust is established in 2009, under the efficient and vibrant leadership of Founder President, Hon. Prof. Dasharath Sagare. YSPM has many eminent personalities from the field of education and industry on its advisory board, whose rich experience and guidance benefits institute.

Yashoda Technical Campus is established by YSPM in 2011 to provide quality technical education, serve the society, industry and all the stake holders through value added quality education. YTC runs the following courses:

- Faculty of Engineering & Polytechnic
- Faculty of Pharmacy
- Faculty of MBA
- Faculty of MCA
- Faculty of Architecture

Activity Report

Yashoda Shikshan Prasarak Mandal's Yashoda Technical Campus, E&TC department organized the Six Days workshop on "PCB Designing & Hands on Arduino IoT" under Lead College Scheme of Shivaji University, Kolhapur at Yashoda Technical Campus, Satara from the date 7th to 12th January, 2019.

The purpose of the workshop is about guiding the students for new ideas. The project work in third & final year of engineering is an important part to encapsulate all the knowledge and idea about the project and students want to build and develop new project using their own idea and knowledge. The objective of workshop was to know the fundamental science and engineering principles relevant to use of PCB & Arduino in engineering practical purpose. Internet of Things or IoT in short, is the idea of making device and objects smarter by linking them to the Internet. This workshop introduced students to the amazing world of IoT and its fascinating applications.

Objectives of the workshop are as follows:

- To learn PCB Designing.
- To learn Programming the Microcontroller.
- To learn Interfacing and controlling various devices.
- To learn Wifi module programming with Microcontroller.
- To learn Interfacing Sensors and Uploading data on cloud.

A Six Days workshop on “PCB Designing & Hands on Arduino IoT”

E&TC department organized the Six Days workshop on “PCB Designing & Hands on Arduino IoT” under Lead College Scheme of Shivaji University, Kolhapur at Yashoda Technical Campus, Satara from the date 7th to 12th January, 2019 to achieve Institute mission “ To empower the students with current knowledge, skills and right attitude in order to meet the challenges of future & to develop competence towards serving the ever changing needs of Industry and Society”. The chief guest of the workshop was Mr. Ganesh S. Jagtap, CEO, Genesis Technologies, Bhiwandi, Thane. The event coordinator of this workshop Prof. Mrs. Kandarkar S.

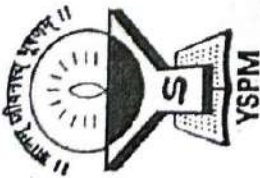

M. given the information about the workshop that, project work in third & final year of engineering is an important part to encapsulate all the knowledge and idea about the project and students want to build and develop new project using their own idea and knowledge. The objective of workshop was to know the fundamental science and engineering principles relevant to use of PCB & Arduino in engineering practical purpose. This workshop introduced students to the amazing world of IoT and its fascinating applications. Day 5 included Arduino App designing Interfacing of Sensors, Uploading Value of sensor on Cloud server, IOT Weather Station. And the last day ended with the topics Home Appliances control using Smartphone app And Demo followed by a valedictory function.

All the Students from E&TC department (FE to BE) as well as the TE and BE students from electrical engineering department, total 94 students participated in this workshop. This workshop successfully completed under the guidance of Vice President Prof. Daskaraj Sagare Sir, Vice-president Prof. Ajinkya Sagare Sir, Director Dr. N.G.
