**REPORT ON INCENTIVES AND CONCESSIONS GRANTED BY GOVERNMENT TO
ENTREPRENEURS**

MCA Department had organized a session on awareness of Incentives and concession granted by government to entrepreneurs. Government provides various incentives to entrepreneurs to Encourage and support entrepreneurs, enhance their productivity, and Motivate entrepreneurs.

Name of the Speaker: Mr. Tushar Shende

Designation: Training and Placement Opportunities Officer, YTC, Satara

The session was organized for the students of MCA-II. Prof P.S Gade welcomed the speaker Mr. Tushar Shende Sir. Mr. Tushar Shende has been working as Training and Placement Opportunities Officer in the YTC Campus for more then 4 years. A total of 35 students attended the lecture.

Mr. Tushar Shende Sir introduced the sessions and encouraged students to think of a business rather just opting for a salaried job. To promote a vibrant business community and generate employment, the Government of India provides a host of subsidies and incentives for business. For any entrepreneur managing a startup or an established business, it is important to know about these subsidies and incentives – so that these subsidies are availed while incurring capital expenditure to reduce capital cost, lessen interest burden and achieve break-even faster. While mentioning the economic constraints he listed the several problems encountered by Entrepreneurs.

- Lack of adequate infrastructure
- Locations of supporting offices for projects
- Lack of relevant information and knowledge e.g.
 - Managerial skills and technical know how,
 - Market intelligence, etc.

TO overcome these issues the Government has made provisions of incentives like availability of power, concessional finance, capital investment subsidies, transport subsidies, etc. aims at eliminating such constraints and promote entrepreneurship. Government provides support to entrepreneurs in the following ways:

- **Training:** Trainings aims at improving the entrepreneurial skills. Basic training varies from product to product but will necessarily emphasise on sharpening of entrepreneurial skills.
- In this regard central and state government technical institutions provide need based technical training.

- Entrepreneurship development programmes are conducted by many government organizations and non-government institutions.
- **Promotional schemes:**
 - MSMEs are accorded highest priority.
 - For their development conducive policies and schemes are formulated and implemented.
 - Government provides land and sheds on actual cost basis with appropriate infrastructure.
- The government has designed the special schemes for:
 - Quality upgradation
 - Common facilities
 - Entrepreneurship development, and
 - Consultancy services at minimal charges.

Schemes of State Governments:

- The state governments also provide technical and other support services to MSME through their directorate of industries and district industries centre.
- In general all the state governments extend support of following types:
 - a) Deferment/ suspension of sales tax.
 - b) Power subsidy
 - c) Capital investment subsidies to new enterprises established in some selected districts.
 - d) Margin money/seed capital assistance schemes.
 - e) Priority in providing power connection/water connection.
 - f) Technical and consultancy support.

The session was very interactive. Students were curious and thus, question answer round was interactive too. Prof P.S Gade gave vote of thanks and the session was hence concluded.

Report on Naandi Foundation Mahindra Pride Classroom Training

Date: 21/11/2022

MCA department has organized the Naandi Foundation Mahindra Pride Classroom Training for the Girls Students. The training was so helpful for our girls students as they all got to know about the basics of real world practices.

The Student Training Program was around 1 week it has been started from 14th November 2022 to 18th November 2022. In this session as on training all the students were got together in Blue Seminar Hall (Mechanical Seminar Hall).

Eminent Speaker- Mrs. Sapna Sood

The Overall training session was going on like follows:

1st day - palm drawing and mention each finger how I am unique. English is important in career Focus areas to improve English -LSWR rule Good health for good life which zone are you in? Like comfort zone, growth zone and stress zone

She has taken all the activities of the students in well manner. Also her fluency and interaction with all the students was so good. All the girl students were taken an initiative in an each activity.

2nd day- 1) Goal setting with SMART

S-specific

M-measurable

A-achievable

R-relevant

T-time bound

2) Time management 3) Make a time wheel and write morning to night task like timetable 4) Jobs and jobs related skills 5) sectors to know like hospitality, medicine, e-mail commerce, IT, agriculture etc.

3rd day- 1) Email writing

2) Social media and me -self analysis

3) Money management

4) Professionalism and their ethics

4th day - Steps in critical Thinking

Group discussion- Four groups A, B, C, D

Job readiness-prepare, apply, network, perform

5th day- on this day the overall session was revised and the fondest memories were cherished by students with their experiences. On last day the prize distribution were done in that accordingly the students were recognized as a Best Student and Best Improvised Student.

Our MCA student Miss.Shivani Ghadage and Miss.Vijaya Mohite were recognized with “Best Student Award” in this session and Miss. Rutuja Gote , Miss.Prajakta Suryawanshi , Miss.Aarti Kasurde , Miss.Priyanka Pawar, Miss. Aakanksha Potdar and Miss. Nikita Waydande were got the award named Best Improvised Students the overall session was so good as every student was so interacted with the session also they had a lot of fun with the entire session.

FACULTY OF MBA

ACTIVITY REPORT 18.11.2022

Interactive Session on 'Spoken English Proficiency' in Association with the English Language Academy

Yashoda Technical Campus, Faculty of MBA, MCA & B. Pharmacy organized an Interactive session on 'Spoken English Proficiency' to test the student's capabilities and boosting their level of spoken English.

Students of Professional courses need to improve the spoken English in order to match the global standards. Language is our primary source of communication. It's the method through which we share our ideas and thoughts with others. Some people even say that language is what separates us from animals and makes us human.

There are thousands of languages in this world. Countries have their own national languages in addition to a variety of local languages spoken and understood by their people in different regions. Some languages are spoken by millions of people, others by only a few thousand.

English may not be the most spoken language in the world, but it is the official language of 53 countries and spoken by around 400 million people across the globe. Being able to speak English is not just about being able to communicate with native English speakers; it is the most common second language in the world. If you want to speak to someone from another country then the chances are that you will both be speaking English to do this.

Recognizing the importance of English in today's world, Yashoda institute has taken initiative to know the areas of improvement in students with respect to this subject.

ACTIVITY REPORT 15.06.2023

ONE DAY STUDENT DEVELOPMENT PROGRAM ON

**'GROOMING YOUR PERSONALITY' IN ASSOCIATION WITH THE
ACCENTURE SOLUTIONS PVT. LTD.**

Students' Personality Development Program conducted for MBA students of Yashoda Technical Campus, aimed at enhancing their personal and professional growth on 15th June, 2023. The program incorporated various activities, workshops, and coaching sessions to develop essential skills, boost self-confidence, improve communication abilities, and foster leadership qualities among the participants. The resource Person was Mr. Mehul Shah of Accenture Solutions Pvt. Ltd. He briefly explained the significance of personality development for MBA students and stated the objectives of the Personality Development Program. Grooming one's personality is essential for personal and professional development. Here are some reasons highlighting the importance of grooming one's personality:

1. **Self-Confidence:** Developing a strong personality instills self-confidence. When individuals have confidence in themselves, they can effectively communicate, make decisions, and handle challenges with poise and assertiveness.
2. **Effective Communication:** Personality grooming helps individuals enhance their communication skills, both verbal and non-verbal. Effective communication allows individuals to express themselves clearly, build relationships, and collaborate successfully with others.
3. **Professional Growth:** A well-groomed personality is often associated with professionalism. It can positively impact career opportunities and advancement by leaving a lasting impression on employers, colleagues, and clients.

DIRECTOR
Yashoda Technical Campus
Satara 6757

4. Leadership Abilities: Personality development nurtures leadership qualities such as assertiveness, empathy, and problem-solving skills. These attributes are crucial for leading teams, making decisions, and inspiring others to achieve collective goals.

Grooming one's personality is crucial for personal growth, professional success, and meaningful relationships. It enables individuals to project their best selves, build confidence, communicate effectively, and develop essential skills necessary for navigating various aspects of life. By implementing a comprehensive Personality Development Program, MBA students were provided with a platform to enhance their personal and professional skills, ultimately preparing them for future leadership roles. The program's positive outcomes and participant feedback demonstrate its effectiveness in fostering holistic growth among MBA students. Ongoing support and continuous improvement will ensure the sustained impact of such programs in the future.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is made and executed on **12/07/2023**, at Satara, Maharashtra, India, by and between

YSPM's Yashoda Technical Campus, Satara, having its registered office at S. No. 242/1, on NH 4 By Pass, Near Wadhe, Satara (Pin - 415011) Dist: Satara, India, (hereinafter referred to as "**YTC**"),

And

Inner Wheel Club of Satara Camp (hereinafter referred to as "**IWCSC**")

WHEREAS

IWCSC and **YTC** desire to promote and develop cooperation in Skill Development, Entrepreneurship Development, project work, and research intended by this MoU to establish and operate a mutually agreed program with a view to establishing an effective and long-standing alliance.

NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties hereto agree as follows:

OBJECTIVES

The principal Objectives of this MoU are:

- Enhancing entrepreneurial mindset among the students
- Organizing various skill development workshops for the students and staff
- Engagement of Students in various social programs
- Awareness regarding Digital Addiction and its hazards.
- Stress Management Programs for Students
- Activities regarding Environment Protection and Conservation
- Active Participation of Students in various awareness /Survey Programs for the Social Upliftment

DIRECTOR
Yashoda Technical Campus
Satara

Responsibilities of IWCSC :

Both parties agree that **IWCSC** shall provide the following support to **YTC** :

- Planning and execution of support for various programs at YTC as per necessity
- Conducting programs through Guest lectures and carrying out activities as per IWCSC avenue decided for the concerned year.

Responsibilities of YTC :

Both parties agree that **YTC** shall provide the following support to **IWCSC** :

- Planning and execution of programs at YTC as per agreed procedures and suggestions
- Providing adequate and reliable infrastructure and hospitality
- Performing supportive documentary work of the activities at YTC
- Securing coordination and other supports provided by **IWCSC** relevant to the relevant activities.

Execution and Operational Review :

- **YTC and IWCSC** will review the operations of the program yearly. The purpose of the review shall be to assess the planning and operations of the program including, but not limited to its quality, timeline, performance, and progress. The subject of expansion and amplification of the scope of this MoU will also be discussed during the review meeting.
- **Each year the office bearers of IWCSC are subjected to change however it is expected that the same MOU will be considered to be continued.**

General Provisions :

- 1) The parties shall discuss and finalize the detailed scope of work to be performed by each party for each assignment and agree on all considerations for the same.
- 2) Except as agreed above neither party shall make a claim against the other party for any expenditure unless such expenditure has been agreed upon in writing between the parties.
- 3) The implementation of the areas and forms of cooperation identified in this MoU shall be subject to the availability and convenience of faculty, research scholars, students, and infrastructure facilities at the parties' workplace.

This MoU is not intended to create a relationship such as a partnership, joint venture, or agency. Neither party may act in a manner that expresses or implies a relationship other than independent contractor, nor bind the other party. Participation in this MoU shall not prevent either party from entering into similar MoUs with other institutions.

Validity :

Unless extended by the Parties in writing this MoU shall remain valid and effective for a period of Three (03) years from the date of execution, hereof, and can be extended for a further period of Two (02) years. Either Party may terminate this MoU by sending a prior written notice of not less than one (01) month.

Since the President of IWCSCC will be having tenure of only one year, further presidents for the subsequent years will be responsible for this MOU

Miscellaneous :

- This MoU supersedes any prior oral or written understandings and constitutes the entire MoU between the parties with respect to its subject matter and no modification, amendment or waiver thereof shall be effective unless in writing and signed by both parties.
- Neither party shall make any claim against or be liable to the other for any loss or damage including but not limited to any consequential damages or loss of profits arising from any discussions, or actions taken in reliance on this MoU.
- Each person executing this MoU warrants and represents that he/she has the authority to enter into this MoU on behalf of the party whose name appears above their signature.

IN WITNESS WHEREOF, the duly authorized representatives of the parties hereto have executed this MoU and caused it to be effective as of the date first written above.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is made and executed on 16/06/2022, at Satara, Maharashtra, India, by and between

YSPM's Yashoda Technical Campus, Satara, having its registered office at S. No. 242/1, on NH 4 By Pass, Near Wadhe, Satara (Pin - 415011) Dist : Satara, India, (hereinafter referred to as "YTC"),

And

Q SPIDERS, having its registered office at 88, 3rd Floor, Brigade Chambers, Gandhi Bazar, Basavangudi, Bengaluru - 560004 (herein after referred to as "Q SPIDERS")

WHEREAS

Q SPIDERS and **YTC** desiring to promote and develop co-operation in Skill development, Entrepreneurship Development, project work and research intend by this MoU to establish and operate a mutually agreed program with a view to establishing an effective and long standing alliance.

NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties hereto agree as follows :

OBJECTIVES

The principal Objectives of this MoU are :

- Enhancing entrepreneurial mindset among the students
- Providing training to the students and extending the placement opportunities
- Organizing various skill development workshops for the students and staff
- Explore students' projects in areas of mutual interest and explore opportunities for industrial exposure of the students
- Provide platform for industries in educational complex of YTC
- Explore YTC utilization by industries at the desired ways.

DIRECTOR
Yashoda Technical Campus
Satara

[Handwritten signature]

Responsibilities of Q SPIDERS :

Both parties agree that Q SPIDERS shall provide the following support to YTC :

- Furnishing technical and soft skill support through value added programs
- Provide inspection and overview (guidance) to students and faculty members of YTC
- Planning and execution support for various strategies at YTC as per necessity
- Trainings and other exposure through Guest Lecture, Project work, Industrial Visits and Placement Event.

Responsibilities of YTC :

Both parties agree that YTC shall provide the following support to Q SPIDERS :

- Planning and execution of programs at YTC as per agreed procedures and suggestions
- Providing adequate and reliable infrastructure and hospitality
- Performing supportive documentary work of the activities at YTC
- Securing coordination and other supports provided by Q SPIDERS relevant to the training, placement and other relevant activities.

Execution and Operational Review :

- YTC and Q SPIDERS will review the operations of the program yearly. The purpose of the review shall be to assess the planning and operations of the program including, but not limited to its quality, timeline, performance and progress. The subject of expansion and amplification of the scope of this MoU will also be discussed during the review meeting.

General Provisions :

- 1) The parties shall discuss and finalize the detailed scope of work to be performed by each party for each assignment and agree on all considerations for the same.
- 2) Except as agreed above neither party shall make a claim against the other party for any expenditure unless such expenditure has been agreed upon in writing between the parties.
- 3) The implementation of the areas and forms of cooperation identified in this MoU shall be subject to the approval and concurrence of faculty, research-scholars, students and infrastructure.

independent contractor, nor bind the other party. Participation in this MoU shall not prevent either party from entering into similar MoUs with other institutions.

Validity :

Unless extended by the Parties in writing this MoU shall remain valid and effective for a period of Three (03) years from the date of execution, hereof, and can be extended for a further period of Two (02) years. Either Party may terminate this MoU by sending a prior written notice of not less than one (01) month.

Miscellaneous :

- This MoU supersedes any prior oral or written understandings and constitutes entire MoU between the parties with respect to its subject matter and no modification, amendment or waiver thereof shall be effective unless in writing and signed by both parties.
- Neither party shall make any claim against or be liable to the other for any loss or damage including but not limited to any consequential damages or loss of profits arising from any discussions, actions taken in reliance on this MoU.
- Each person executing this MoU warrants and represents that he/she has the authority to enter into this MoU on behalf of the party whose name appears above their signature.

IN WITNESS WHEREOF, the duly authorized representatives of the parties hereto have executed this MoU and caused it to be effective as of the date first written above.

Friends Union For Energising Lives (FUEL)
Enabling Students to Excel

Memorandum of Understanding

This Memorandum of Understanding (MoU) is entered on January 2023-24, by and between:

- a. **Yashoda Technical Campus Satara**- NH-4, S. No. 242/1, VN Rd, Wadhe, Maharashtra 415015

And

- b. **Friends Union for Energising Lives** (here in after referred to as FUEL) duly registered under the Indian Trusts Act 1882, and having its office at FUEL, Forest Trails Township, Near Sales office, Paranjape Schemes, Near Manas Lake, Paud Road, Bhugaon, Pune, Maharashtra 412115.

This MoU is drawn up and agreed upon to establish the cooperation between **Yashoda Technical Campus Satara** and **FUEL** to bridge the divide that exists between industry and academia in the skill ecosystem and provide Skilling support to the youth to enhance their employability.

Background and Purpose of Parties Involved

Yashoda Technical Campus Satara is one of the best Engineering college in Satara , established in 2011, nurtured and managed by Yashoda Shikshan Prasaarak Madal's, Satara. YSPM is functioning proactively to provide the best professional environment to Engineering and Management students in terms of academics, industry oriented trainings, sports, social, cultural, co-curricular and extracurricular activities etc to create true aesthetically sensitive, socially committed and technologically competent engineers and management professionals. YSPM is by Approved by All India Council of Technical Education, Delhi & Directorate of Technical Education, Mumbai; Affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere, Mumbai; also accredited by NAAC B+.

Friends Union for Energising Lives–FUEL, a credible non-profit organization which provides Career Guidance and Skilling to the students throughout India. FUEL has received the highly prestigious Ashoka Fellowship which is awarded to leading social entrepreneurs for their exemplary solutions to social issues.

- FUEL aims to work for the Mission as envisioned by Dr. APJ Abdul Kalam for FUEL to reach career guidance support to over 1 crore students. FUEL believes that through the provision of essential life skills; Indian youth can achieve excellence in their professional life. It has a track record of several years, having already reached 1 million students across India, and is supported by India's leading corporates and foundations.
- Recently FUEL had a great opportunity to interact with the **Hon'ble Prime Minister of India Shri. Narendra Modi** during the **Gratulations of Director** event organized by the **Niti Ayog** from PMO's office in Delhi.

Yashoda Technical Campus
Satara

Significant Recognition

- Appreciated by Former President of India Shri. Ram Nath Kovind

Vision: FUEL has a vision to empower the youth and enable them to become the torch bearers of tomorrow.

Goals:

- To reach students through career counseling and guidance over 1 crore (10 million) students.
- To support mechanics & drivers through trainings for better sustainability & livelihood
- To Train under privileged youth with future skills & vocational skills from rural and semi urban areas in India
- Provide 360-degree career support to enable youth to choose the right careers and excel both personally and professionally.

Context of the MoU

Yashoda Technical Campus Satara, aims to serve the needs of industry, society, and rural areas in particular by imparting attitude, knowledge, and skills through quality education and developing self-disciplined, mentally robust, and morally strong professionals. Both parties should collaborate to make a greater and long-term difference in young people's lives.

Scope of Work

- To establish a cooperative arrangement towards - strengthening the identified objectives.
- Review and co-create an initial roadmap for students in the **Yashoda Technical Campus Satara**, for improvement in the employability potential through interventions such as Aptitude training and Future Skill Development.
- Establish mechanism for formulation of strategy and review of progress in mutual consultation with each other with intent to bring efficiencies in the existing schemes through convergence of efforts.

Roles and Responsibilities

FUEL's Roles and Responsibilities:

- To deliver Aptitude Training and Future Skill Development with the support of Corporate Social Responsibility.
- Mapping of student on skill development, education, and entrepreneurship.
- To facilitate that during skill training student spend reasonable time at industry internships for the on-the-job-learning.
- To facilitate employment  
DIRECTOR
Yashoda Technical Campus
Satara

Yashoda Technical Campus Satara, Roles and Responsibilities:

- Facilitate co-creation and execution of agreed plan with FUEL.
- Facilitate functioning of the persons engaged by the FUEL in the project
- To share required policy inputs and data with FUEL.
- Assist FUEL in connecting with industry.
- Assist FUEL in establishing Center of Excellence in University premises.

Terms and Conditions

- This Memorandum shall commence from the date of its signing and shall continue for a period of one (1) year from the date thereof and be automatically renewed for successive periods of one (1) year, unless either Party notifies in writing to the other Party of its intention to terminate this MOU ninety days in advance.
- This Memorandum is not a legally binding contract and under no circumstances does this Memorandum subject either of the Parties to liability for breach, whether material or minor, of contract or any other liability under national or international law or any other applicable law.
- The Parties may nominate an identified individual to establish a "Joint Working Group" to manage and execute the cooperative activities mentioned in this MOU.
- Parties may use other party's logo/branding only after prior permission from each other.

MEMORANDUM OF UNDERSTANDING

CYBER SUCCESS

This Memorandum of Understanding (MoU) is made and executed on 10/02/2022, at Satara, Maharashtra, India, by and between

YSPM's Yashoda Technical Campus, Satara, having its registered office at S. No. 242/1, on NH 4 By Pass, Near Wadhe, Satara (Pin - 415011) Dist : Satara, India, (hereinafter referred to as "YTC"),

And

Cyber Success, having its office at Asmani Plaza, 1248 A, opp. Cafe Good Luck, Deccan Gymkhana, Pune, Maharashtra 411004, (hereinafter referred to as "Cyber Success"),

WHEREAS

CYBER SUCCESS and **YTC** desiring to promote and develop co-operation in Skill development, Entrepreneurship Development, project work and research intend by this MoU to establish and operate a mutually agreed program with a view to establishing an effective and long standing alliance.

NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties hereto agree as follows :

OBJECTIVES

The principal Objectives of this MoU are :

- Enhancing entrepreneurial mindset among the students
- Providing training to the students and extending the placement opportunities
- Organizing various skill development workshops for the students and staff
- Explore students' projects in areas of mutual interest and explore opportunities for industrial exposure of the students
- Provide platform for industries in educational complex of YTC
- Explore YTC utilities for industries as per the desired ways.

[Signature]
DIRECTOR
Yashoda Technical Campus
Satara

Expectations from the Parties

Responsibilities of CYBER SUCCESS :

Both parties agree that **CYBER SUCCESS** shall provide the following support to **YTC** :

- Furnishing technical and soft skill support through value added programs
- Provide inspection and overview (guidance) to students and faculty members of YTC
- Planning and execution support for various strategies at YTC as per necessity
- Trainings and other exposure through Guest Lecture, Project work, Industrial Visits and Placement Event.

Responsibilities of YTC :

Both parties agree that **YTC** shall provide the following support to **CYBER SUCCESS** :

- Planning and execution of programs at YTC as per agreed procedures and suggestions
- Providing adequate and reliable infrastructure and hospitality
- Performing supportive documentary work of the activities at YTC
- Securing coordination and other supports provided by **CYBER SUCCESS** relevant to the training, placement and other relevant activities.

Execution and Operational Review :

- **YTC** and **CYBER SUCCESS** will review the operations of the program yearly. The purpose of the review shall be to assess the planning and operations of the program including, but not limited to its quality, timeline, performance and progress. The subject of expansion and amplification of the scope of this MoU will also be discussed during the review meeting.

General Provisions :

- 1) The parties shall discuss and finalize the detailed scope of work to be performed by each party for each assignment and agree on all considerations for the same.
- 2) Except as agreed above neither party shall make a claim against the other party for any expenditure unless such expenditure has been agreed upon in writing between the parties.
- 3) The implementation of the MoU shall be subject to the availability and convenience of faculty, research-scholars, students

[Signature]
DIRECTOR
Yashoda Technical Campus
Satna

Relationship of the Parties :

This MoU is not intended to create a relationship such as a partnership, joint venture, or agency. Neither party may act in a manner that expresses or implies a relationship other than independent contractor, nor bind the other party. Participation in this MoU shall not prevent either party from entering into similar MoUs with other institutions.

Validity :

Unless extended by the Parties in writing this MoU shall remain valid and effective for a period of Three (03) years from the date of execution, hereof, and can be extended for a further period of Two (02) years. Either Party may terminate this MoU by sending a prior written notice of not less than one (01) month.

Miscellaneous :

- This MoU supersedes any prior oral or written understandings and constitutes the entire MoU between the parties with respect to its subject matter and no modification, amendment or waiver thereof shall be effective unless in writing and signed by both parties.
- Neither party shall make any claim against or be liable to the other for any loss or damage including but not limited to any consequential damages or loss of profits arising from any discussions, actions taken in reliance on this MoU.
- Each person executing this MoU warrants and represents that he/she has the authority to enter into this MoU on behalf of the party whose name appears above their signature.

IN WITNESS WHEREOF, the duly authorized representatives of the parties hereto have executed this MoU and caused it to be effective as of the date first written above.

Subject: Seeking permission to visit your esteemed organization.

Respected Sir/Madam,

The YSPM's Yashoda Technical Campus, providing Post graduate Management Programme (MBA) since 2011. The Institute offers curriculum of Shivaji University, Kolhapur. In view to impart practical knowledge of Management into students, we wish to visit your organization.

There would be nearly 45 visitors, including 01 Faculty members. The purpose of this visit is to understand the levels of management in your organization and Indian Ethos in Managerial Practices. We intend to take a round of the entire industry and show the tasks handled in different departments to our students.

Kindly grant us permission for the industrial visit and make necessary arrangements for the same. We look forward to a positive reply from your side.

Thanking You,

Shinde

Mousetri, Tathar, Awaraha and Sankaranga, India

Hi Tushar,

Please plan visit on 23rd Dec 2023. I will assist with you shortly in details on detailed email.

Regards,

Chandan

Chandan Kharise - chandan.kharise@cummins.com
Mousetri, Tathar, Awaraha and Sankaranga, India

Hi Tushar,

Further to our earlier discussions, please note that we are arranging following for plant visit on 23rd Dec 2023:

- 1. Safety Shoes
- 2. Safety Goggles
- 3. Lunch

Please share list of students/staff with details of Name, Gender & shoes size by EOD.

Regards,

5) To study motivational techniques and its impact on productivity

6) To study IT strategy Governance and security

7) To study the IT infrastructure, computer network and database

Observation made during the visit:-

Students practically obtained knowledge about Production-Planning-Control procedures

Students during Interactive session with HR manager motivational techniques for employees.

Students practically visited to ~~study~~ and observed the various cost control techniques and procedures.

DIRECTOR
Yashoda Technical Campus
Satara

Students obtained detailed knowledge about KANBAN, JIT and VED analysis, Control over Inventories.

Major Findings :

- 1) Most of the companies expect immediate joining
- 2) Most of the companies are looking for pure sales (field work) profile where our students are interested in these companies (e. g. Just Dial)
- 3) Most of the engineering base companies looking for ITI / Diploma students for shop floor work
- 4) No one from diploma engineering participated in the event because their final MSBTE exam
- 5) The nature of job (housekeeping) aren't matching to our students expectations
- 6) Major recruiters are either third party or consultant which was major observation
- 7) IT companies are looking for experienced candidates like Lotus Softtech (Satara) and for fresher's, last month 05 students already got selected in same organization
- 8) Company like AB Software, the compensation was not feasible (03 months free of cost)
- 9) Few IT companies considered only Engineering students rather than MCA and the profile was also not as per expectations
- 10) Few companies like GPRO Drives, IBG Fincon and Cooper Corporation already taken the drive at our college for 2023 batch recently.

(57) Abstract:

The present invention relates to a synthesis of dimethyl pyrrole derivative. Particularly, the present invention relates to a synthesis of pyrrole derivative, comprising formula III 4-methylphenyl (2,5-dimethyl-1H-pyrrol-1-yl)carbamate. This synthesized compound was characterized using different spectroscopic techniques like 1H-NMR and FT-IR. This compound was checked for its antimicrobial activity using Agar well diffusion method and it showed excellent antimicrobial activity against Aspergillus niger as test microorganism.

(57) Abstract :

The present invention relates to a synthesis. Particularly, the present invention relates to a synthesis of tricyano butadiene derivatives, comprising formula III-(cyano-4-(2,4-dichlorophenyl)-6-(4-fluorophenyl)pyridine-2(1H) ylidene)propanedinitrile. These synthesized compound was characterized using different spectroscopic techniques like ¹H NMR, ¹³C NMR, and FT-IR. The synthesized compound have excellent antibacterial as well as antifungal activity.

Dr. Prakash D. Jadhav

Mr. Pramod A. Patil

About the Authors

Dr. P. D. Jadhav has completed his Ph.D. in Pharmaceutical sciences from Bharati Vidyapeeth University, Pune (MS). Presently he is working as Associate professor Department of Pharmaceutics, Arvind Gawai College of Pharmacy, Jalapur, Satara. He is having 15 years of undergraduate and 12 years of postgraduate teaching experience. He has provided consultancy to pharmaceutical industries. He has delivered many guest lectures and participated as resource persons in workshops / seminars sponsored by AICTE, PCI, UGC, and various universities. He has guided 15 postgraduate students. He has published more than 25 research papers in various national and international peer reviewed journals. His area of research interests includes Development of Micellar drug delivery system for anticancer drugs.

He is currently working as an Assistant professor at Rajarambapu College of Pharmacy, Kasegaon. He has 6 years of academic and 3-year industrial experience. He had worked as a QA officer in one of the leading pharmaceutical industry. He has filed 5 research patents, out of 3 are granted. He has published 5 books, out of 4 are national and 1 book is international. Also published 18 research papers in leading publications like Springer, Elsevier, etc. He is the author of the famous book "pathfinder". He has won several awards like "Best personality award", "Best teacher award". His area of research is Nano formulation, nanotechnology and advanced formulation techniques.

Abstract

Green composites are promising carriers in the quickly developing field of drug delivery owing to their eco-friendly nature, multipurpose physicochemical attributes, and distinctive biopharmaceutical advantages. These versatile composites offer unique platforms for drug delivery, diagnosis and theranostic applications. The main objective of the present book chapter is to offer insights into pulmonary applications of green composites. Initially, chapter unfolds the significant background knowledge of green composites, and their key advantages as drug carriers. Besides, chapter reviews the recent advances in inhaled green composites with special emphasis on aerodynamic performance. Moreover, chapter also contains a dedicated segment discussing the current clinical challenges, inhaler device issues, human factors, and scale-up issues allied to pulmonary delivery of green composites. To sum up, this chapter is the first detailed report of inhaled green composites emerges in recent time.

(57) Abstract :

The present invention discloses the transdermal patch formulation comprising anti-fungal drug, Ajwain oil and collagen for treatment of fungal infections. The formulated transdermal patch in the presence of collagen aids in treating mild to severe fungal infections. The invention further discloses the method of preparation of the transdermal patch formulation.

COMPLETE SPECIFICATION

[See section 10 and rule 13]

“IOT BASED SMART METERING FOR HOME AUTOMATION”

Name of the Applicant(s)	Nationality	Address
Mrs. Sushree Mahapatra	Indian	Assistant Professor, EEE, Columbia Institute Of Engineering And Technology, Raipur, Chattisgarh - 49311
Dr. Ramana Pilla	Indian	Professor & Head, Electrical And Electronics Engineering, Gmr Institute Of Technology, Gmr Nagar, Rajam, Vizianagaram District - 532127, Andhra Pradesh
Mr. D. Balakrishnan	Indian	Assistant Professor, Computer Science and Engineering, Kalasalingam Academy of Research and Education, Krishnankoil, Srivilliputhur, Tamilnadu - 626126
Dr. Akula Pravin	Indian	Professor, ECE, Department Bonam, Venkata Chalamayya Engineering College(A), Odalarevu, Andhra Pradesh, India - 533210
Mrs. Suhani Najmuddin Jamadar	Indian	Assistant Professor, Electrical Engineering, Yashoda Technical Campus, Satara, Maharashtra - 415015
Ms. Nisha Dewangan	Indian	Lecture, Electronics and telecommunication, Columbia institute of engineering and technology Raipur, Chhattisgarh - 493221
Mr. Uday Kumr Rajak	Indian	Assistant Professor, Electronics And Telecommunication, Columbia Institute Of Engineering And Technology, Raipur, Chattisgarh - 49311
Ms. P Harika	Indian	Associate Professor, ECE Department Bonam, Venkata Chalamayya Engineering College(A), Odalarevu, Andhra Pradesh, India - 533210
Mr. Kapil Surani	Indian	Assistant Professor, Mechanical Engineering

(57) Abstract
 ABSTRACT Home power generation using combination of solar panel and wind mill. This paper aims to explore the potential benefits of the combination of photovoltaic (PV) panels and wind turbines for home power generation. Specifically, the aim of studying such a system are consistent, with a focus on the possible economic benefits for residential customers. Additionally, a review of current research is conducted to identify the key efficiency, capacity, and reliability issues related to PV wind systems. The main findings from this research show that with the right combination of PV wind, a household could save an average of 40% off their electricity bill. The cost of such a system appears to be roughly on par with traditional roofing solar, but solar wind systems are likely to perform better in areas with high electricity rates. Furthermore, solar wind installations can improve home air circulation, which means peak winds are high and facilities offer most of low winds. Lastly, the combination of PV and wind provides a higher level of reliability and capacity than traditional rooftop solar. Despite the numerous benefits, PV wind systems are subject to a number of challenges, namely related to cost, maintenance, and local weather conditions. This paper highlights these challenges, the literature indicates that for the right circumstances, a PV wind installation can offer multiple economic and environmental benefits for residential customers.

(57) Abstract :

ABSTRACT Selection of Optimal location and capacity of EV charging station The deployment of Electric Vehicle (EV) charging stations across cities is of increasing importance in order to create a more sustainable mode of transportation. The selection of the optimal location and capacity of the charging stations is a major concern for the EV industry. Different decision-making approaches have emerged in the past to effectively address this problem, and the Data Envelopment Analysis (DEA) is among the most promising ones. DEA is a non-parametric approach which incorporates performance measures to determine the best solution. It has shown to effectively identify the best allocation of resources via its efficiency scores in order to determine the optimal location and capacity of the EV charging stations. Moreover, DEA can be manual or automated, allowing the user to select the exact specifications of the problem based on their requirements. This paper aims to discuss the selection of optimal location and capacity of EV charging stations using DEA.
