#### CRITERION I – CURRICULAR ASPECTS

##### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

• Institute is affiliated to Shivaji University Kolhapur, Maharashtra, and Dr. Babasaheb Ambedkar Technological University, Lonere. • We follow the syllabus and Academic calendar provided by the university. Also, we develop our own course-wise academic calendar which includes academic, co-curricular and extracurricular activities and schedule of internal examinations. The calendar is provided to the students, teachers for their reference and also available on the website. • Subject distribution and overall departmental planning are done well in advance before the commencement of the new semester • Use of ICT tools such as LCD-Projector, MOODLE, etc. are provided for conducting special classes smoothly. • Teachers are encouraged to participate in various faculty development programs, workshops, seminars, conferences, etc. to enrich and upgrade their knowledge. • Innovative teaching-learning methodologies are used to make the teaching process more effective by using power-point presentations, video lectures, co-operative learning, literature survey, group discussions, quizzes, seminars, open-book examinations, laboratory visits, and industrial visits are incorporated in the course delivery methods. Institute encourages the use of different ICT teaching aids such as video films, multimedia presentations in addition to blackboards. Digital libraries, e-learning facilities such as NPTEL video lectures, spoken tutorials of IIT Bombay are provided to faculty members of the institution which help them in teaching and delivering good lectures. • Regular faculty meetings are held by the HODs to review the teaching-learning process, academic progress of the students, grievances if any, and suitable remedial measures are taken as and when necessary. • All faculty members maintain an Academic diary for every course in the curriculum. Academic diary contains a teaching plan, practical plan, attendance sheet, syllabus copy, personal time table, statement of marks, Faculty publications, results, project topic details, and term work details, etc. • Assignments, Term work planning, Question bank, submission reports are given to students. • Internal examinations are conducted every semester as a part of the continuous assessment system. In semester evaluation marks are given is based on the performance of these tests. • The test record is

maintained in the department & communicated to the parents. Result analysis is done after the declaration of the semester result of University. • Attendance is recorded in roll muster. Defaulter student's attendance is communicated to the parents and parents are called to discuss absenteeism. • Mentoring book: - Every faculty member is assigned a group of about 15-20 students for mentoring every year. The mentors are conducting regular meetings with the mentees and record their suggestions, requirements, and difficulties for taking necessary actions related to curriculum implementation. The record is used to monitor the progress of the students. • Student feedback about teaching-learning is taken in every semester. Feedback meeting is conducted by the principal with HOD of each department where suggestions are given to faculty member for improvement. • Arranging industry expert's guest lectures, workshops, seminars to bridge the gap between academics and industries. • The college is very much particular and committed for the completion of the syllabus, conduct of internal examinations.

## 1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

Feedback Obtained
<p>Institute follows the culture to take the feedback from different stakeholders to help the institute for understanding the need of society and expectation from the institute. Regular faculty meetings are held by the HODs to review the teaching learning process, academic progress of the students, grievances if any, and suitable remedial measures are taken as and when necessary. With this objective the HOD explain the need of feedback and open up the students for the true feedback. Feedback is essential part of teaching and learning process. It helps the teacher to know that how the students understand subject being taught. This is an important so that teacher can improve and that will ultimately benefit for the student. The questionnaire is prepared by the IQAC. The students from each class need to be filled the supplied feedback form and submit to the class teacher of respective class at the end of semester. Once all the form is collected feedbacks are evaluated on the analogue scale from 5 to 1.Then analysis has to be done by Academic Incharge. The shortcoming of faculty is addressed. The teaching learning process plays very important role in overall development of the system. The feedback of all the faculty is taken by considering overall teaching method, student involvement, use of modern tools, understanding of subject to the student, presentation etc. Along with faculty feedback, feedback regarding facilities is also taken for improvement. Feedback meeting is conducted by principal with HOD of each department where suggestions are given to faculty member for improvement. Instructions for improvements are given to the faculty members and remedial methods for improvements are suggested. Alumni feedback: Every year institute organizes alumni meet feedback is collected from them for the improvement of curriculum. Industry/Employer feedback: The experts from industry are involved during the process of curriculum development. Parent Feedback: Every year parent meeting was conducted to receive feedback from parents. Teacher feedback: Every year Teacher feedback was collected for further action. The feedbacks are collected, analyzed and action taken report was generated.</p>

## CRITERION II – TEACHING- LEARNING AND EVALUATION

## 2.1 – Student Enrolment and Profile

### 2.1.1 – Demand Ratio during the year

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Efficiently working students mentoring system is very necessary for proper grooming of the students. Many of the students are from rural areas with lack of proper academic background and financial back-up. Thus, mentoring of students is an essential feature to render equitable service to all students having varied background. Student mentoring system has the following aims:

- To enhance teacher-student contact hours
- To understand the students' background and nature thoroughly and to know him/her as an individual.
- To help the student to improve attendance and academic performance.
- To provide the student a platform where he/she can discuss his/her problems in a stress free manner.
- To identify and understand the status of slow learners and encourage advanced learners.

With a wide variation in the student population in regard to educational and economic background, the system promises to provide a better understanding of individual students and bring out their highest potential. Implementation:

1. Students are divided into groups of 20-25 depending on the number of students in a class. Each group is assigned a teacher-mentor who would perform mentoring duties.
2. A

Mentoring Format is prepared to ensure uniformity. 3. The mentor and the group assigned to him meets at regular interval of 8 days i.e. four times in a month. Still the students are free to meet the mentor at any time he/she wishes. 4. Mentors maintain and update the Mentoring record which contains detailed personal information of the student as well as his academic performance. 5. Based on the data collected, the mentors offer guidance and counseling, as and when required. While doing so, the mentor may take help from other faculty members, department head, and institution head. 6. In peculiar cases parents are called for counseling/special meetings with the Principal as per the suggestion of the Mentor.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
1010	105	1:10

## 2.4 – Teacher Profile and Quality

### 2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
97	105	0	14	6

### 2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year )

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Assessment of academic performance of a student is an integral part of teaching and learning process. Internal evaluation helps the student to identify his level of understanding. At the same time, it helps the teacher to identify the areas where more attention is needed. Knowing the importance of internal evaluation, , the institution adopts Continuous Internal Evaluation System to assess all aspects of a student's development on a continuous basis throughout the year. The assessment procedure as suggested by Shivaji University, Kolhapur and Dr. Babasaheb Ambedkar Technological University, Lonere, is followed by the institute. The regulations, curricula and syllabi of all the programmes offered by the university are available on the website of institute and university as well. The time frame of evaluation process is published in the institute

calendar and the dates of internal examinations are given in it. Evaluation process is known to teachers and students. The students are well informed in advance about method of internal assessment and eligibility to appear for final examination. As per the curriculum of university mid term / sessional examinations are conducted at internal level and the marks are allotted accordingly. MBA program has implemented the recent reform OPEN BOOK examination of three hours. Decision making oriented questions, case lets, exercise questions, practical problems asked to solve. Students are allowed to refer secondary sources and discussion in group. Four independent question papers prepared and expected to foster reference taking, interpersonal discussion, group discussion, reasoning, logical thinking in groups, debating, leadership traits and the like. Computer laboratory practicals in different program, regular assessment is done where finally 50 marks are allocated for Internals and 50 for Externals. Exceptionally sometimes we conduct the midterm re-exam for the absentees in case if student has participated in National and State level sports or if someone has severe medical problem. Apart from these university related examinations, few class tests, surprise tests are also conducted to evaluate the performance of students after completion of each chapter from syllabi. Seminars, technical paper presentation and mini-projects are introduced in the curriculum to make the academics activity based. To refine the critical thinking among students, various group discussions, debates, seminars, workshops etc., are organized in which students explore new ideas and thus enhance their performance levels. The feedback of teachers from students is taken once in semester. Moodle based online tests are conducted for the students. Personal observation approach is followed by respective course teachers for measurement of impact of the above practices. Observations noted are as follows: 1. Improved student understanding in domain knowledge and increase the interest in program. 2. Improved results and percentage of pass students. 3. Reduced backlogs and detention 4. Improved quality of projects 5. Improved placements and opting for higher studies. 6. Faculty members are rewarded accordingly basing on students performance.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution works with the aim of planning the work and then working the plans accordingly. For effective curriculum and well planning in advance, Shivaji University, Kolhapur and Dr. Babasaheb Ambedkar Technological University, Lonere publishes academic calendar every year before the commencement of new academic session. Based on the schedule provided by the respective universities, the institute plans its activities throughout the academic session. Academic incharge of the institute prepares academic calendar in consultation with head of department and is then approved by the Principal. The calendar outlines the semester class work schedule along with various co-curricular and extracurricular activities. The head of department finalizes the course allocation for the faculty based on their specialization. The faculty members prepare the lesson plan before the commencement of semester, indicating the topics to be covered lecture wise including the evaluation process for each subject and it is duly reviewed by head of the department and approved by the Principal. The performance of the students is assessed on a continuous basis by conducting mid semester examinations and unit tests. In addition to the tests, assignments, mini-projects and quiz are also the part of continuous assessment. The evaluated answer sheets are returned to the students and an opportunity is given to the students to discuss the evaluation with the teacher for rectification any error on the spot. Teachers are well aware about the changing syllabus and pattern of syllabus designed by university. Internal submission schedule is displayed on notice board in advance where students get 10 to 15 days preparatory leave after completion of syllabus.

## 2.6 – Student Performance and Learning Outcomes

MBA: Student council is a group of students elected by students to participate in designated administrative bodies of college. Any student is welcomed to attend council meetings. Student council exists at the elementary, middle and institute level. Generally student council is more prevalent at the institute level. Involvement at the lower levels has proven to be beneficial for the students who reach to the higher positions, they have already experienced how meetings run and discussions are made. Student council is actively involved in planning of various events like annual sports and gathering, one day workshops, training events, etc. They work with the institute administrative statutory committees, parent organizations, student body and local community to decide and approve projects on initiatives for the institute, students and community. Student council members bring ideas, request and feedback to meetings and a democratic

process is used to give students a voice and make decisions in creating a yearlong calendar. Student who participate in student council under the supervision of teacher administrator learn about the democratic process, public responsibility, leadership, problem solving and team work. The education act 1998 provides for the establishment of student councils intending them to play an integral and important in the college community. Student council provides a representative structure through which students can debate issues of concern and undertake initiatives for the benefit to the institute and the wider community. Students have a voice and can contribute to develop organization. It is important that students get an opportunity to express their views on issues of concern to them in the institute. It is equally important that they are listened and encouraged to take an active part in promoting the aims and objectives of the college.

## 5.4 – Alumni Engagement

### 5.4.1 – Whether the institution has registered Alumni Association?

Yes

Yashoda Technical Campus Alumni Association, Satara (YTCAAS) was established in April 2017. YTCAAS creates and maintains a life-long connection between the Institute and its alumni, who number is more than 750. In collaboration with an extremely dedicated volunteer board of directors, the Alumni Association works to connect alumni, support students and build an unforgettable Institute experience through a diversity of events, programming and services. The mission of the Association is to foster strong bonds between alumni, students and the Institute, to keep alumni informed, and create a network enabling them to remain engaged with their alma mater and help shape its future through the Associations programmes and services. Developing an active and engaged alumni network empowers both the Institute and its graduates. Whether our alumni are interacting with the Institute or its student body, attending events, working with the Institute on various Legacy projects or serving as volunteers, their contributions make a difference to YTC Satara. The Alumni Association continues to seek innovative ways to serve alumni by providing social, educational, and professional opportunities that appeal to our broad constituency. Alumnns can participate in seminars, workshops, and technical events that showcase their skills and accomplishments, and take advantage of opportunities to meet specialists and eminent captains of industry. The focus is on innovations originating in Science and Technology and the event showcases selected novel ideas in practice, and provides a platform for the innovators to disseminate their ideas to a wider and well-connected audience. Alumnns can enjoy lectures, discussion sessions, on-campus conferences, conducted by eminent alumni and current and emeriti faculty. YTCAAS supports current students through different mentoring opportunities either by being a part of on-campus lectures or through an in-person or online commitment provide internships recruit fresh graduates present career programs etc. Alumni members have access to on-line alumni directory, concession in the accomodation charges at the Institute Guest House, access and concession in library membership charges, and other Gymkhana facilities. The YTCAAS organises and facilitates a host of events every year at YTC, Satara. This includes the Alumni Day which is held in the second term every year. Association members are also invited to campus events like Foundation Day, sports week and other cultural events on Campus. Activities of the Association are not just limited to the campus, and there are thriving city chapters that organise events all over the country and can provide opportunities to renew old friendships and start new ones. YTCAAS planned student scholarship program for the students who enter YTC, there are many from the socially and economically challenged segments of society, who cannot get any-or-enough-financial aid, including loans or scholarship money. The YTCAAS scholarship is essentially a loan given by past students (alumni) of the

Institute to its present students who repay it back with a nominal interest for the benefit of the future students. YTCAS designed the Alumni Awards program recognizes the best alumni who are doing wonderful things and making an impact daily in their companies, communities, and for YTC, Satara.
